

tempTask

```
graph LR; tempTask[tempTask] --> ADC_UpdateValue[ADC_UpdateValue]; ADC_UpdateValue --> error_handler[error_handler];
```

A flowchart illustrating a sequence of three components. The first component, 'tempTask', is represented by a gray rectangular box. A dark blue arrow points from its right side to the second component, 'ADC_UpdateValue', which is a white rectangular box with a black border. Another dark blue arrow points from the right side of 'ADC_UpdateValue' to the third component, 'error_handler', also a white rectangular box with a black border. The components are arranged horizontally from left to right.

ADC_UpdateValue

error_handler
